

FLAIL MOWER FOR SMALLER TRACTORS

**JUNIOR
Series**

MAXIMUM EFFICIENCY UP TO 60 HP

PERFECT flail mowers are characterised by their high-quality construction and low maintenance requirements.

The JUNIOR models have a light yet stable construction for use with smaller tractors.

*Flail mowers with a light but stable construction.
Excellent yet affordable mowing solution.*

JUNIOR SERIES

Flail mowers for smaller tractors

The JUNIOR models come with a headstock voor Cat. I + II. A hydraulic offset feature or a headstock for tractor front mount are optional available.

Special PERFECT 0,9 kg flails with a straight, continuous cutting edge guarantee an excellent cut, uniform cutting height and even spread of the grass over the rear roller.

STATE OF THE ART PRODUCTION

Alle PERFECT mowers are completely designed and manufactured in our factory in the Netherlands using the latest production technics and first class components only. Standard configuration includes a Walterscheid PTO shaft.
